TURKEY WARNED BY BALKAN STATES

Entrance Into Struggle Will Also Cause Italy and Greece to Enter.

HOLY WAR IS LIKELY.

Uprising of English Mahomedans is Hinted—Grave Conditions if New Phase of War Crystalizes.

Sofia, August 31.—Reports from Constantinople that efforts are being made by the German diplomatic representatives there to get Turkey to take an active part in the European war as an ally of Germany and Austria, have created a sensation here.

It is stated officially that the Bulgarian government is now pledged to join with Greece, Roumania, Servia, and Montenegro as allies of Russia and against Turkey should the latter decide to fight.

The Bulgarian army is semi-mobilized, and could be put in the field at once. That the Turkish menace is real is shown by messages received here direct from Constantinople, which say the Turkish army and navy are ready for action, and that most of the Turkish warships now have strong contingents of German sailors and officers on board to aid in fighting them.

Washington, D. C., Aug. 31—Turkey, according to a wireless dispatch to the German Embassy from the Berlin Foreign office, is about to cast in her fortunes with Germany and Austria-Hungary. The news came as a distinct shock to diplomats here, who had hoped that the Sublime Porte would remain neutral. It is recognized that with the advent of Turkey, the several Balkan States and Greece immediately will take up arms and Italy probably will have to do like wise to protect her own interests.

The Berlin dispatch was the most disquieting of the day. The fact that Germany has been seeking to engage the support of Constantinople, and best knows the intentions of the Turkish Government has added weight to the declaration from Berlin. The dispatch follows:

"Former Minister Burns speech against Sir Edward Grey's policy causes a deep impression, and hints of fatal consequences among Mohammedan subjects. News from Constantinople forecasts the participation of Turkey against Russia and England. Professor Delbrueck explains the unheard of unanimity of the Germans by their conviction that the struggle for life has been forced upon them. East Prussian authorities recall fugitives after winninggg a great victory.

The allusion in the dispatch to the "fatal consequences" among the Mohammedans is interpreted to mean the native soldiers in the armies of Great Britain in India and Egypt and in the French army in Africa. The latter, transported to the scene of hostilities from Algiers, already have shown their fighting qualities and have proved a bulwark of strength in the fighting in Alsace and Lorraine. England has not yet, so far as known employed any of her Indian regiments in the fighting.

"If Turkey enters the fray as an ally of the Germans," said a diplomat, "Europe will be plunged in a 'holy war' with a vengeance. Civilized warfare is bad enough God knows, but when religious frenzy and intolerance are added, there ceases to be civilipation. Russia is said to be making a 'holy war' out of the present struggle and the Balkan states undoubtedly will follow suit. The world may well shudder at the prospect of Turkey entering the arena."

London, August 31.—The Daily Telegraph's diplomatic correspondent in an article printed today says. "Turkey may declare war at any moment. It is now only a matter of a few days—possibly a few hours.

"All efforts of the powers in the triple entente have failed, and the London embassy admits the situation very grave. The military party, now dominant in Constantinople, has reached the conclusion that the present is the best time to secure the restoration of Macedonia and the Aegean Islands.

"German officers and men are being poured into Constantinople to help the Turkish army and navy. Turkey apparently counts on the Balkan States quarreling among themselves while Turkey fights Greece, but it seems likely that Turkey's declaration of war against Greece will be regarded as a hostile act by the triple entente, which will send a fleet to dispose of all the Turkish and German ships.

"The British government has warned Turkey plainly that in starting any campaign at this time she signs her own death warrant."

The probable entrance of Turkey into the European struggle as an ally of Germany and Austria, and possible uprisings among Great Britain's Mohammedan subjects, are forecast in a wireless message to the German embassy here, received yesterday from its foreign office in Berlin. The message says.

"Former Minister Burns' speech against Earl Grey's policy has caused a deep impression, and there are hints of fatal consequences among the Mohammedan subjects. News from Constantinople foreshadows the active participation of Turkey against Russia and England.

"Professor Delbrueck explains the unheard of unanimity of the Germans by the conviction that this is a struggle for life which has been forced on them.

"The East Prussian authorities are recalling fugitives after the great victory of Gilgenburg."

FRENCH STRIVE TO HALT GERMANS

Battle Has Been Renewed In Entire Volges Neighborhood.

DESTROYS REGIMENT.

French Under General Pau Declared to Have Won Substantial Victories And Wiped Out Army Corps.

France is considering the advisability of moving the seat of her government from Paris to Bordeauxx as a precautionary measure, according to official advices.

Paris Aug. 31—A supreme effort to halt the German movement on the northwest was being made today.

At daylight the French army, massed on the Lorraine frontier, attacked the German left and simultaneously the battle was renewed in the entire Vosges region.

It was hoped this would compel the Germans to withdraw some of their men from their right, thus relieving the intense pressure against the French left, which has been steadily falling back in the face of assault by a superior force.

It is positively declared that up to the present time the Germans have been unable to force the passage of the Meuse within French territory. Every attempt to string pontoons to replace the bridges, destroyed by the French, has been blocked. One entire regiment of German infantry, which was permitted to push its bridge across was wiped out when the bridges were destroyed by artillery fire from masked batteries.

The forces under Gen. Paul Pau, the one outstanding French hero of the present war, are declared to have won substantial victories the subprefecture at Dieppe being made responsible for a report widely circulted here today that Pau's troops "wiped out an entire German army corps."

CRUPPER FOR CONGRESS

May Be Nominated for Congress to Oppose Carlin.

Joseph L. Crupper a prominent Republican formerly of this city but recently of Alexandria County it is believed will be nominated for Congress to oppose Representative C. C. Carlin the Democratic nominee by the Eighth Congressional district convention which will meet at noon in this city September 9.

Mr. Crupper however has not yet announced that he would accept the nomination.

Mr. Crupper is one of the best-known Republicans in the Eighth district and was formerly city chairman and also postmaster of this city for two terms and has attended a number of national conventions of the party.

The Republicans of this city will hold a mass meeting Wednesday night at Odd Fellows Hall to elect fourteen delegates and an equal number of alternates to the convention.

BULL MOOSE MAY ENTER.

The mention of Joseph L. Crupper in connection with the Republican romination for Congress, has stirred the Bull Moose into action, and it is said they have for the past few days been canvassing the situation with a view to putting a candidate of their own into the field. Mr. Crupper is said not to be acceptable to the followers of Colonel Roosevelt, and the names of Mr. James E. Johnston and Mr. Frank Evans, of this city, have been mentioned as the possible recipients of the Bull Moose nomination. There is no doubt that the nominee would receive the unanimous support of the Roosevelt followers, which is about half of the Republican vote in this District.

It is hard to understand however, what any of these candidates could expect to accomplish at this time.

Cossacks Pressing Retreating Enemy—Latter Panic Stricken—Battle Decided With Bayonets.

St. Petersburg, via Rome, Aug. 31—Russian troops have smashed through the Austrian left army near Samosce, in northern Galicia and have routed it with enormous losses.

Thousands of prisoners have been taken, together with many cannon, machine guns, and munitions, according to an official statement issued by the war office today.

The Russian Cossack division is now declared to be in full pursuit of the retreating army, and to have succeeded in decimating the rear guard. The defeated Austrains are declared, in the official reports, to be "panic-stricken," and fresh Russian columns are being sent against them to prevent a junction with the Austrian forces now near Lemberg.

It is stated that the Russian infantry, covered by an artillery bombardment, charged the advancing Austrians, and, in a hand-to-hand conflict, turned the right of the line at the point of the bayonet. The Austrians were driven back so rapidly that it was impossible for them to take their artillery with them, and they abandoned it to the on-coming Russian army.

KILLED BY FREIGHT CAR

Dying Youth in Lynchburg Asks Mother Not to Cry.

Lynchburg August 31—Dying from fatal injuries sustained under the wheels of a freight car Raymond McCulley a sixteen-year-old lad looked up into the tear-strained face of his widowed mother and muttered "Mamma don't worry" and then fell back dead.

While sitting on the tracks of a trestle on the grounds of the blast furnace at Reusens owned by the Oriskaney Iron and Ore corporation the lad was run over by a freight car and his left leg from the ankle up to the hip was horribly mangled.

He was sitting on the track between two cars and could not be seen by the engineer. The engineer with his engine attached to a string of cars backed into the two cars beneath which the lad was sitting and the wheels passed over the left leg.

Moans were heard and investigation disclosed the boy lying bleeding on the rail. He was picked up and carried to a comfortable place and Dr. R. P. Kelley was summoned from his home in Rivermont. Every effort was made to save the boy's life but he died two hours after the accident from shock.

RIOTS CAUSED BY HIGH PRICES

Agitators Tell Mob to Wreck Stores Increasing Prices.

FIGHTS IN STREETS

Police Reserves of Providence Conquerer in Rain of Missiles. Boy Fatally Hurt During Disturbance.

Providence Aug. 31—As a result of riots in the Italian section at the west side of the city, late Saturday night and yesterday, nine policemen, a fireman and nearly a score of citizens are nursing wounds received from the fusillades of missiles that were thrown. A number of shots were exchanged and several narrow escapes were reported. This riot was the outgrowth of a smaller one that occurred Saturday night, in the same locality whn four policemen were injured by missiles thrown by the belligerents, and several persons in the crowd were hurt. Superintendent of Police John A. Murray took personal command of the more than 100 reserves that were called to disperse the mob.

The trouble was precipitated at an open-air labor meeting, when agitators said to be from New York and Boston urged all Italian residents of the city to do everything in their power to combat the raise of price of food products. "If there are places in your section where macaroni and other foodstuffs are being raised in price, descend upon them and wreck them," one of the speakers said.

Inflamed by such utterances, the mob started to march up Wells avenue, with cries of "No raise in prices!" "Bread, bread!" and "Cheaper macaroni!" On their their way they picked up stones and sticks and prepared to demolish the store of Frank P. Ventrone, one of the largest Italian grocers and importers in the city. Hundreds of Italians made a rush for the store, and no sooner had a window beenn smashed than missles began to be thrown at random. Every store in the vicinity became a target for the excited crowd. Reserves from all precincts of the city were rushed to the scene and charged upon the crowd with drawn revolvers.

At an early hour yesterday forenoon it became evident that agitators were still endeavoring to foment the crowd and the least overt act would precipitate the rioting again. Shortly before 3 o'clock a man claiming to be a Deputy Sheriff attempted to serve a civil writ on an Italian in front of the home of two Socialist clubs. There was an immediate rally of Italians and the man whom the Sheriff attemped to place under arrest was hustled out of the way and the crowd turned upon the Sheriff. This was the signal for the reopening of the riot, and from every direction youths and men began to pour into the square at Atwells and Arthur avenues. A hurry call was sent to the Fourth Police Station and reserves were hurried from all parts of the city.

Then began a series of skirmishes that lasted for three hours, during which stones, bottles and missiles of all kinds were hurled from the roofs of buildings out of windows and from behind fences. The police fired repeatedly into the air in hopes of breaking up the crowd, but without success. The fighting reached its height at about 5 o'clock, when a determined charge was made by the police into the crowd, which broke and ran.

A Paris dispatch to the Exchange Telegraph Company says. "A German naviator flew over Paris yesterday afternoon and dropped five bombs, which fell in the most popular quarter of the city. In one case two women were wounded."

PLAY GROUNDS CLOSED

Children Kept off Streets During Summer Months by Attractions.

The play grounds, instituted during the summer recess of the schools, and which have proven so popular, teaching as they have domestic science, were closed this afternoon. The exercises will continue until 7 o'clock.

The directress, Mrs. Howard Beall, and her able assistant, Miss Sophie Tackett, have been very successful in their efforts to amuse and instruct the little ones, and at the same time preparing their minds for the more responsible duties of life.

There was a public exhibition of the children's work on the play grounds this afternoon, and many persons interested in this movement in behalf of the young have been present and inspected the same.

The articles which are the result of their handiwork are baskets and all kinds of fancy articles.

The children were given an automobile ride this afternoon, under the direction of Mrs. C. T. Howard and Mrs. T. Marshall Jones of the play grounds committee. Many thanks are expressed to those who so kindly placed their cars at the disposal of the committee, thus given the little ones a pleasurable experience not soon to be forgotten.

The sylvan play, entitled "The Shadows," given last Saturday evening, was a great success, and much credit is due to Mrs. Howard Beall of the Grover Cleveland High School, Washington, and Miss Sophie Tackett, of this city, for their work, also to the children who acquitted themselves creditably. The children's costumes were made on the grounds and were artistic and effective. The play was rendered in the open air with a glorious sunset in the back ground, and the dancing of the children barefoot in these fantastic costumes was an interesting spectacle. Among those who took part with much spirit and grace were Misses Gladys Rodgers, as "Golden Oak." Reba C. Neal as "Butterfly," and Evelyn Howard as "Dame." The following children took part.

Golden Oak—Gladys Rogers.
Maple Key—Ethel Jewell.
Poplar Tree—Ethel Hardy.
Chestnut Burr—Dorothy Wells.
Fragant Fir—Alice Hudson.
Echo—Edith Kennedy.
Butterfly—Reba O'Neal.
Twilight—Abbie Petty.
Ceight—Elizabeth Hibbs.
Firefly—Dorothy Pierpoint.
Moon—Kathryn Richards.
Cloud—Caroline Yates.
West Wind—Marion Hudson.
Dawn—Evelyn Howard.
Light—Bertha Smith.
Crickets—Horace Kennedy, Herman Ramey and Richard Richards.
Owls—Dorothy Hudson, Mackall Bruin and Willie Sullivan.
Stars—Olga Harper, Dorothy Dunlop and Daisy Crockett.
Moonbeams—Willie Michelback, Rosie Ramey and Etta Dunlop.

The play ground committee, owing to the absence of most of the members, has been reduced to a few working ladies' and through their strenous labors the enterprise has been a perfect success.

INSPECTION OF THE CITY.

The members of the police force are viewing with the health office in attempts to eliminate from the city rank growths of weeds from the city, as well as cesspools etc.; also the cleansing of foul gutters and untidy outhouses.

The fire hydrants have been flushed by the water company and the city officials are endeavoring to extirpate anything that can in anyway tend to produce unhealthy conditions.

In most cases where the police have called at houses the premises of which are not in a sanitary condition they have met with ready responses and assurances have been given that whatever nuisance may exist will be abated as soon as possible.

At any crisis, where the safety of the community is in danger, every resident of the city should do his or her part toward bringing about desired conditions, and it is hoped all will vie in the important work now in progress.

In some places unwholesome growths have flourished throughout the summer, and certain localities known as "dumps" need immediate inspection.

Attention has occasionally been called to conditions which are chronic in some of the city docks. Filth and decaying vegetation is seen in them at all times.

MARTIAL SPIRIT OF THE PRESENT DAY.

The determination manifested by the invaders of France and the defenders of the latter country is an evidence of the fact that the kingdoms of this world are by no means prepared for the long-looked for millennium. Englishmen and Irishmen, rendered frantic by the steady advance of the German army, are vieing and calls for a million men have been suggested.

The first nations of the earth are now engaged in a death struggle, and probably before next week Turkey will have drawn her sword as an ally of Germany and Italy.

China is preparing for another revolution and when this shall have been precipitated most of the habitable world, apart from the American continent, will be engaged in the clash of war.

The newspapers are filled daily with horrors incident to the deadly conflict. In Servia twenty women have been found stiff and stark in death in one house.

While fathers and sons are battling to drive back the German hordes in France it has been announced that military necessity demands the destruction of farm houses and cottages in the country outside Paris. Famine prices now prevail in some places in Germany while thousands of men and women in that country are idle by the closing of factories which for many years have produced articles of export.

BUSINESS SECURITY.

Stagnation In All Countries, Not Insuring This Security.

One of the most important questions of the day relates to the extent to which a government should interfere in the affairs of business. The successful man has always had to run the risk of attack. Safety from unreasonable interference by government or attack by others leads the ambitious man on to his greatest exertions. In some countries, as in parts of Asia, government incapacity has made it dangerous for a man to acquire anything beyond his bare necessities. In such a society nothing but poverty and business stagnation can exist.

Governmental intervention in the affairs of business should extend only over such things as are necessary for fair publicity and truthful statements. Under such a government, business security is at its best. Individuality and initiative are encouraged; the country is progressive, and its future prosperity is well guarded. But as soon as legislation begins to deprive the producer of a square deal, or where business is "regulated" by people without the experience and necessary training, business security will be transformed into business depression. A government should be limited to its natural functions of just and reasonable legislation for the greatest good of the greatest number of people, and should never show favors in order to "catch votes" or to secure campaign contributions.

In addition to *Certain-teed* Roofing, we also manufacture a complete line of lower priced roofings, building papers, shingles, sheathing, carpet linings, etc., put up in standard-sized rolls, packages and weights. They are accepted as standard by leading architects and engineers. Your local dealer will be pleased to give you full information about our goods and will quote you reasonable prices. Be sure the goods are made and guaranteed by us.

"About three years ago I had a serious attack of summer complaint. The doctor's medicine failed to benefit me so I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy upon the recommendation of one of my neighbors. Recovered from Lung Trouble—Now Insured

Insurance companies will not accept any one affected with Lung Trouble. When you know a man who has been afflicted and who later has been insured, such action means that the policy-holder must be in a very good state of health. Cases have been reported when Lung Sufferers, after taking Eckman's Alterative, a remedy for Throat and Lung Troubles, have successfully passed the medical test of insurance companies. Read this case:—

237 Dean St., Brooklyn, N. Y.

"Gentlemen: About a year and a half ago I noticed that my health was rapidly failing. I was troubled with night sweats, a severe cough, and was very weak; having, in fact, absolutely no ambition whatever. About this time I consulted a physician, who told me my lungs were affected. Not satisfied I went to another doctor, who, after examining me, said that I was in the first stages of Lung Trouble. At this point I started to take Eckman's Alterative. The night sweats stopped almost immediately, my cough became looser and gradually disappeared. My weight is now 162 pounds and my physician has pronounced me perfectly sound—which, together with the fact that I have just been accepted by two different insurance companies for insurance, makes me sure of my entire recovery by Eckman's Alterative."

(Affidavit) W. E. GEE.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

KILLED BY ENRAGED BULL.

Citizen of Halifax Meets a Horrible Death.

Houston, Va., August 31.—John Brown, a citizen of the northern part of the country, was instantly killed a few days ago by a large bull. He went into the lot with his wife when she went to milk and was attacked by the bull. The animal rushed at Brown and tossed him in the air. Both horns entered the abdomen and when he fell to the ground the skull was fractured. When help came from neighbors, Mrs. Brown was fighting the bull to keep him off of her while her husband lay dead upon the ground.

Many Recoveries From Lung Trouble

A medicine for Throat and Lung Troubles which has been thoroughly tested for many years, and which has been instrumental in restoring complete health to a large number of sufferers, should be thoroughly investigated by everyone. While no undue claims are made for it, nor any guarantee that its use will restore health, Eckman's Alterative has been given the full credit in saving lives in many cases. Read this case:—

Wilmington, Del.

"Gentlemen: In January, 1908, I was taken with hemorrhages of the lungs. My physician, one of the leading practitioners of Wilmington, Del., said that it was lung trouble. I took eggs and milk in quantities, but I got very weak. Mr. C. A. Lippincott, of Lippincott & Co., Department Store, 306 to 314 Market street, Wilmington, Del., recommended to me Eckman's Alterative, that had done great good, and upon his suggestion I began taking it at once. This was about June, 1908. I continued faithfully, using no other remedy, and finally noticed the clearing of the lungs. I now have no trouble with my lungs. I firmly believe Eckman's Alterative saved my life."

(Affidavit) JAS. SQUIRES.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists
